UPHOLSTERY > Fabric

Whether you're seeking a cozy place to unwind or wanting to add some understated glamour to your living room, the Forme Chair checks each box with style. Designed in a nubby bouclé fabric, this elegant design brings both textural warmth and an of-the-moment aesthetic to your decor. A high back and sculptural round seat emphasize the cocoon-like shape for a unique perch that will become a charming focal point in any room. Arrange as a standalone accent chair or add another to create a striking pair.
