

Munro Vitrine NEW

Gus*

FINISH > Walnut or Oak

LEGS > Black Powder-Coated Finish

Our bespoke Munro Vitrine is the ideal place to keep your favorite treasures safely tucked away. Fluted glass doors allow you to admire what's within while maintaining an air of mystery and four adjustable interior shelves give you the flexibility to find an arrangement that works for you. Considered design elements like soft-close doors, magnetic closures, and recessed handles prove no detail is too small. The options are truly endless for a piece this versatile—use it to display your heirloom dishware in the dining room, as a tasteful catch-all for board games in the living room, or as a stylish way to showcase your shoe collection in your bedroom.
