

Wave Stool

Gus*

Seat Height 13.5in | 34cm
Seat Dept 16in | 40cm

MATERIAL > Bent Ply | Walnut

The Wave Stool's smooth, flowing lines are an ode to the waters of Canada's countless lakes and rivers. The cut edge reveals layers of exposed-ply, and the stool's wide curve allows for a generous and accommodating seating area. Small-scaled and extremely versatile, the Wave Stool is perfect in living rooms, bedrooms or front hallways.
